Cassia Donors and Grantors

We are thankful to each donor listed here for making the work we do possible. Normally, donations support spiritual care, enhance services, and make special projects possible throughout our communities. In countless ways, support from our donors brings our mission—fullness of life in the spirit of Christ’s love—to life. However, in 2020, “fullness of life” looked very different. Our donors bridged the gap between our residents and their loved ones by providing for things such as technology needed for phone and video calls as well as innovative programming. Donors also sustained and empowered us financially as we dealt with the expense of rigorous, expansive safety measures. This list records those who gave generously to Cassia and all of our campuses or services between January 1 and December 31, 2020. We wish to express our deep gratitude to donors who made payments in 2020 on pledges from previous years. Since those donations were recognized at the time of the pledge, they are not included in lists of contributions made during this past year. We also give our thanks to those who chose to remain anonymous.
